

SENNHEISER MK8

Multipattern studio condenser

Order code: MK8

RRP: \$1,069.00

Our Price: \$839.00

Building on the performance of the champion cardioid studio condenser, Sennheiser has raised it to another level with the multi-pattern MK8. With its dual 1" gold plated diaphragms, you get the usual 5 polar patterns — Omni, Wide Cardioid, Super-cardioid and Figure-of-Eight. In addition, there is a 3 position pad (0 dB, -10 dB, -20 dB) plus a 3 position roll-off switch (flat, roll-off -6dB/oct @ 100 Hz, and a low cut -18dB/oct @ 100 Hz). Use MK8 for acoustic guitars, intimate vocals, drums, the room, or a variety of solo instruments, choirs, and orchestral ensembles.

Please note - the optional MKS4 suspension is included with MK8
