

SHURE BETA87C

Live Vocal Condenser (cardioid)

Order code: BETA87C

RRP: ~~\$549.00~~

Our Price: \$409.00

A crisp and detailed vocal mic. Cardioid cond brings out the best you've got to offer. The 'normal' Beta87 we see around town is the supercardioid version, Beta87A - however so the cardioid version to use with in-ear monitors. Alternatively, some just simply prefer the slight polar pattern that some like to sing into.
