Order code: EW500G4-KK205-GBW

RRP: \$2,849.00

**Our Price: \$2,279.00**

The best of two brands.

Sennheiser and Neumann bring the reliability, clear transmission and the excellence of studio sound together. KK205 is a premium quality capsule. This is a professional Sennheiser handheld transmitter available with the evolution wireless G4 500 Series. For those who've had a go at the wired version, the KMS105, you'll already know how good it sounds. In fact, when it comes to premium broadcasts, sports award ceremonies and gala performances, key players and spotters will always notice the distinct Neumann sound (while enjoying a great sound!).

As for the wireless component, the 500 Series has some nice new features. The receiver features a super bright OLED display, for easy-to-read information in all conditions.

Switchable transmitter output power, up to 500mW - you extra grunt - should it be required.

Wireless vocal set. Includes (1) SKM 500 G4 microphone; (1) Neumann KK205 capsule (supercardioid; condenser); (1) EM 300-500 G4 rackmount receiver; (1) GA3 rack kit and (1) mic clip (606 - 678 MHz; Sennheiser EW Series GBW-band)
