

## SENNHEISER MKH416-P48U3

The standard in shotgun microphones

Order code: MKH416-P48U3

RRP: \$1,379.00

**Our Price: \$1,049.00**

The king of professional quality general purpose shotgun microphones (quite a title!). The '416' is described as the standard mic to use for field recording whether it is ENG, documentary, film, television. Being a short shotgun, the directionality of the microphone is good, without being precise. However it is the '416' that has earned it the reputation of being 'the standard'.

Dimensions: 19 x 250mm Weight: 165g Colour: Black
