

ICON QCONPRO

Studio Control Surface with 8 Motorised Channel Faders

Order code: QCONPRO

RRP: \$1,099.00

You need to pay how much for touch-sensitive channel faders?

Think of a number, halve it, and you've got your magnificent Icon Qcon Pro. Fully class compliant sleek look to sit nicely in the studio next to your DAW. Qcon Pro works perfectly with Logic, ProTools, Ableton, Sonar and just about any other DAW you can throw at it.

A handy feature you won't need to pay twice for is the LED scribble strips. Fully expandable by connecting to the Qcon Ex, giving you up to 32 channels of control surface.

There's a rock-solid jog wheel, illuminated transport keys, and channel specific buttons for Record, Solo, Nute, Select and monitor.

Plug in via USB and away you go. Come in for a demo if you want to see Qcon Pro in action!
