

RODE SM3

Camera Shoe Microphone Suspension Mount

Order code: SM3RODE

RRP: ~~\$53.00~~

Our Price: \$49.00

Rode SM3 suspension mount has a camera shoe adapter, to allow mounting various shotgun microphones onto a camera, via the standard hot/cold shoe mount. This allows you to connect your microphone to a number of video and DSLR cameras on the market while giving your camera maximum isolation from handling vibrations.

Please note that an adaptor may be required for cameras with proprietary mounts.
